

CSE's seminar on ITEE for Japanese Market

A seminar on Information Technology Engineers Examination (ITEE) for Japanese Market was held at the International Conference Hall of Bangladesh University of Business and Technology (BUBT) on March 05, 2019. Department of Computer Science and Engineering (CSE) organized this seminar in cooperation with ICT Division of Govt., Bangladesh Computer Council and jiCA.

Mr. Hiroki Watanabe, jiCA Expert and CEO, Ekmattra Entrepreneurs delivered the keynote presentation. He explained the ITEE broadly and informed that Japan is very open to welcome Bangladeshi IT students to work there. Now Japan is more interested in offshore business. For this reason, Japan needs to look out to the other countries to hire IT experts.

Dr. M. Ameer Ali, Chairman, Dept. of CSE and Saifur Rahman Dipu, Assistant Professor of CSE also spoke in the seminar. Faculty members and students were present there.
